

Swingedition „Hooray“

(Hooray), it is your birthday
So take this song we play
(Hooray), it is your birthday
we all came here to stay

(For you're a real good fellow)
Your friends do all agree
So let us have a party
(and get your hugs for free)

Instrumental

As time is on your side now
Relax and start the show
No matter what your age is
We all go with the flow

Cause we all love you
Good and bad times we'll go through
Have a good time and enjoy your life today
